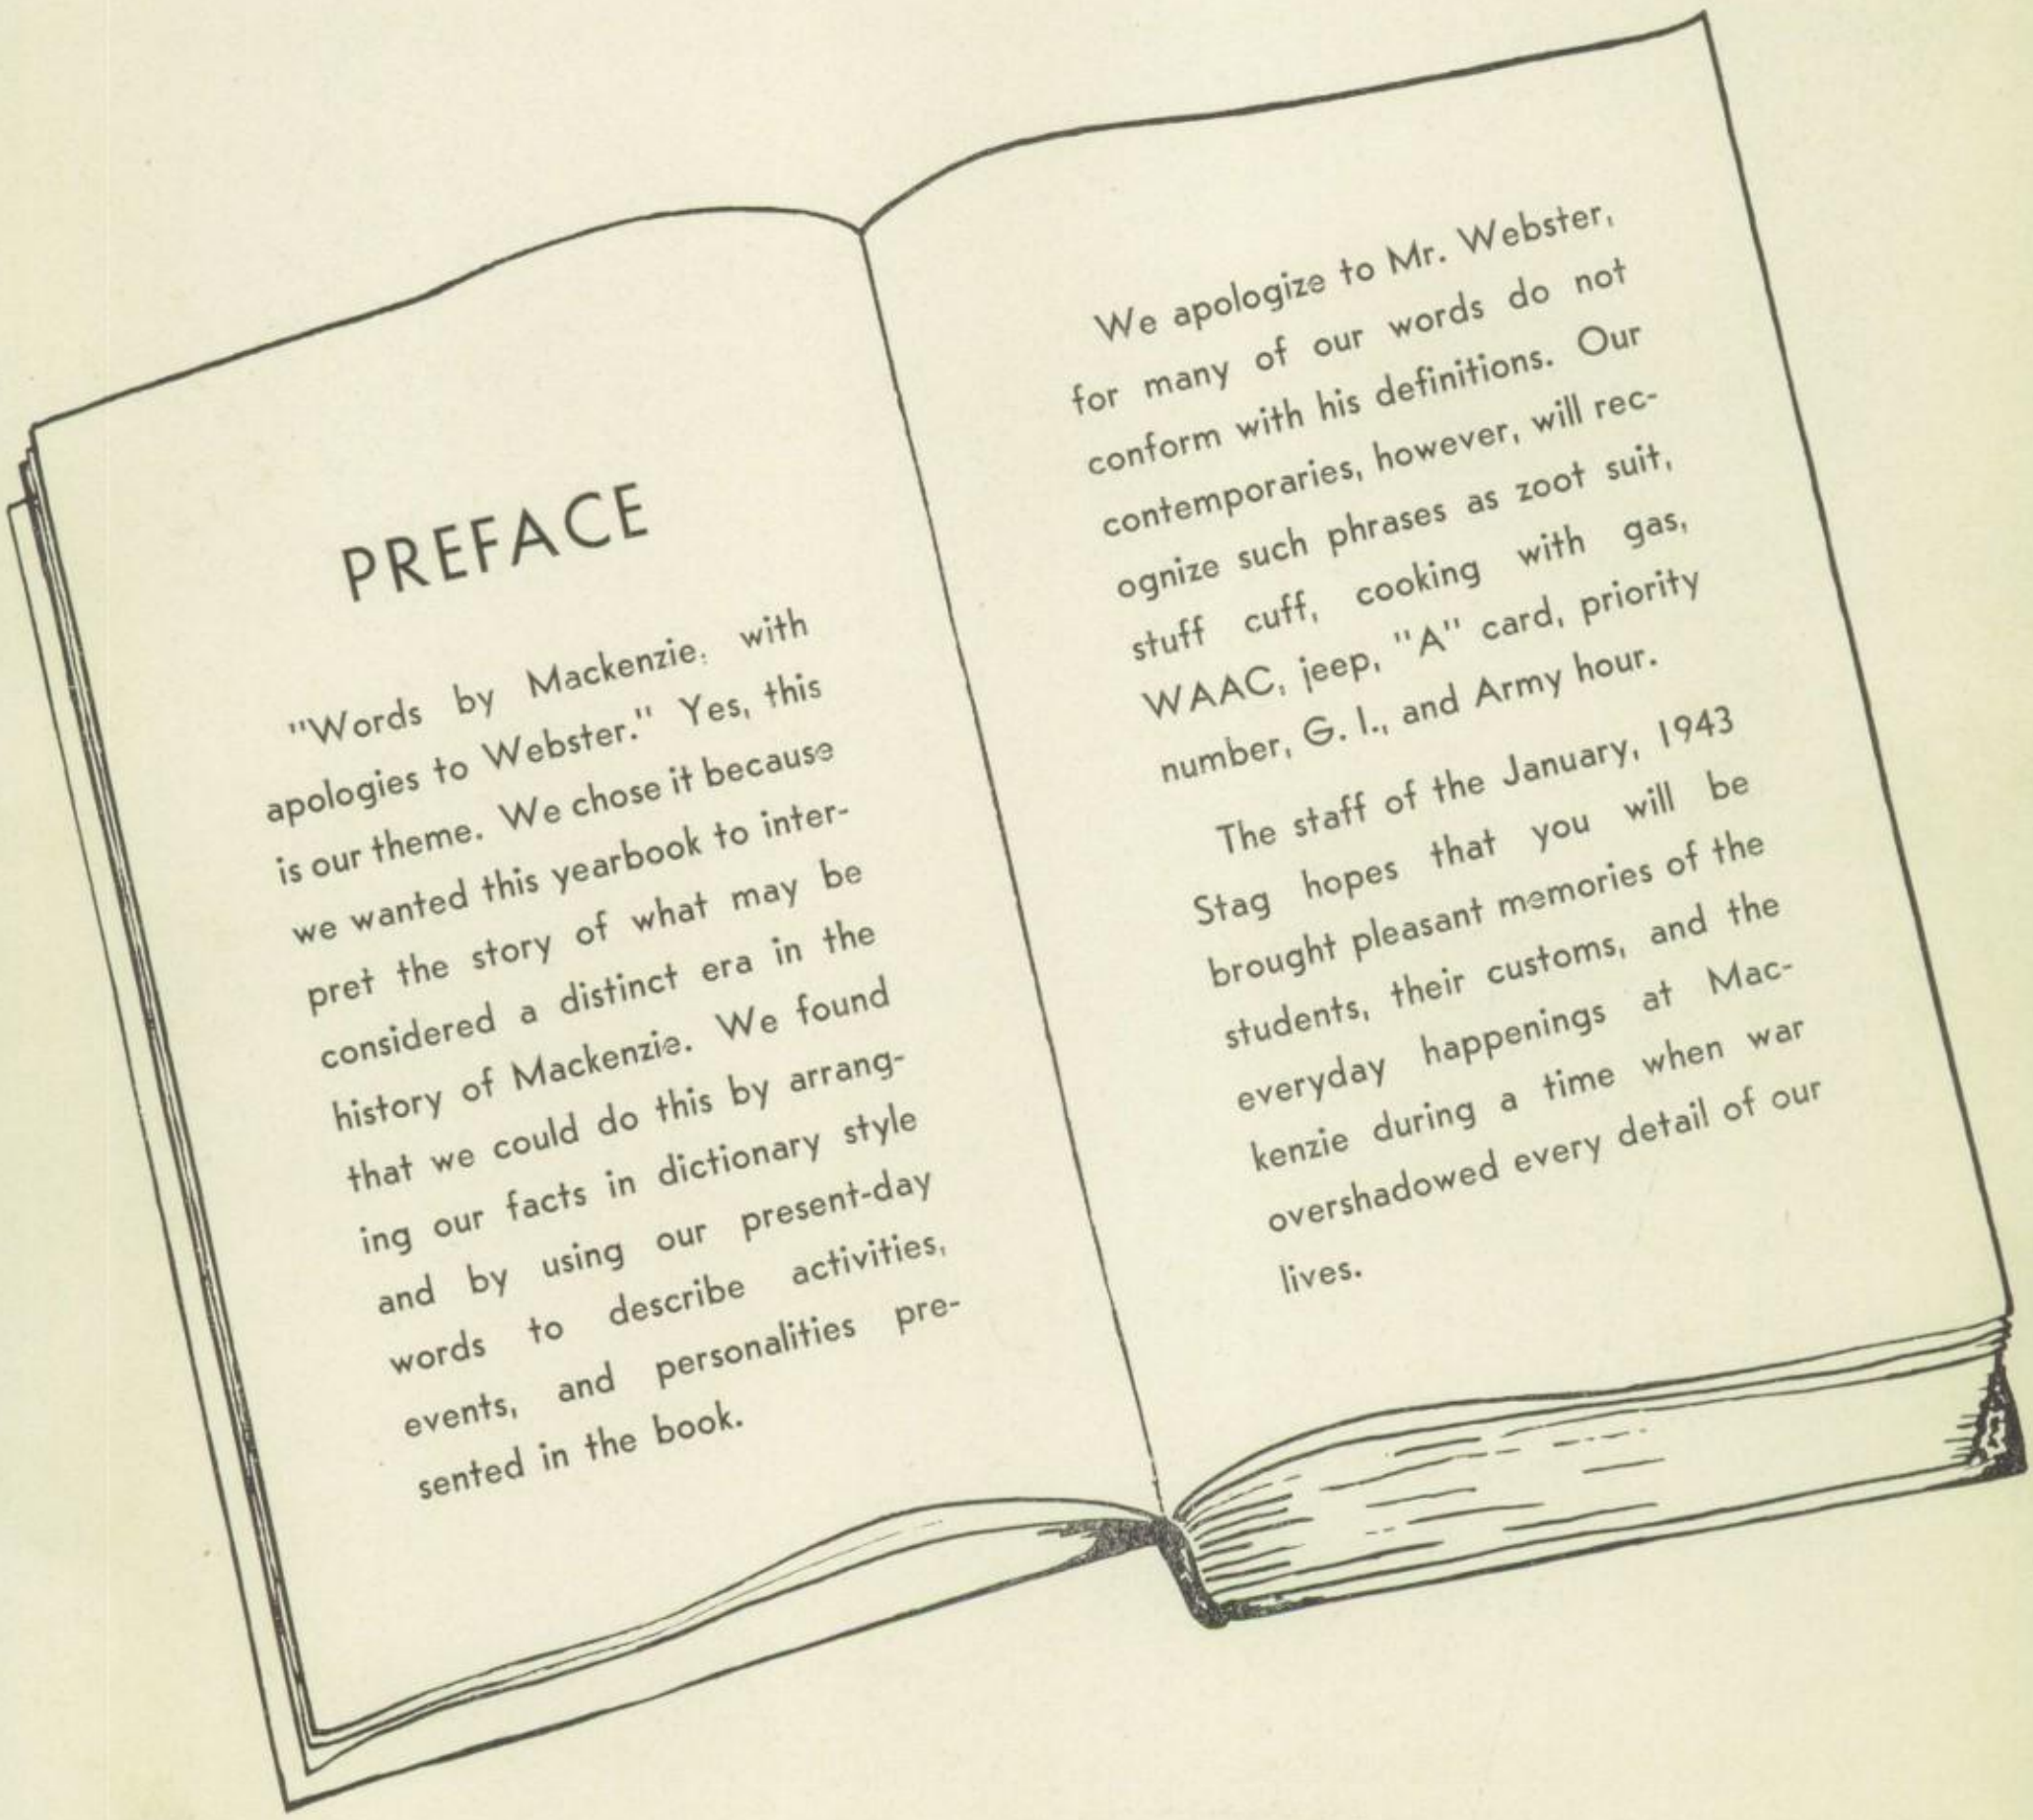
MACKENZIE HIGH SCHOOL
JANUARY 1943

WORDS

By Mackenzie



PREFACE

"Words by Mackenzie, with apologies to Webster." Yes, this is our theme. We chose it because we wanted this yearbook to interpret the story of what may be considered a distinct era in the history of Mackenzie. We found that we could do this by arranging our facts in dictionary style and by using our present-day words to describe activities, events, and personalities presented in the book.

We apologize to Mr. Webster, for many of our words do not conform with his definitions. Our contemporaries, however, will recognize such phrases as zoot suit, stuff cuff, cooking with gas, WAAC, jeep, "A" card, priority number, G. I., and Army hour.

The staff of the January, 1943 Stag hopes that you will be brought pleasant memories of the students, their customs, and the everyday happenings at Mackenzie during a time when war overshadowed every detail of our lives.

WITH APOLOGIES
TO MR. WEBSTER

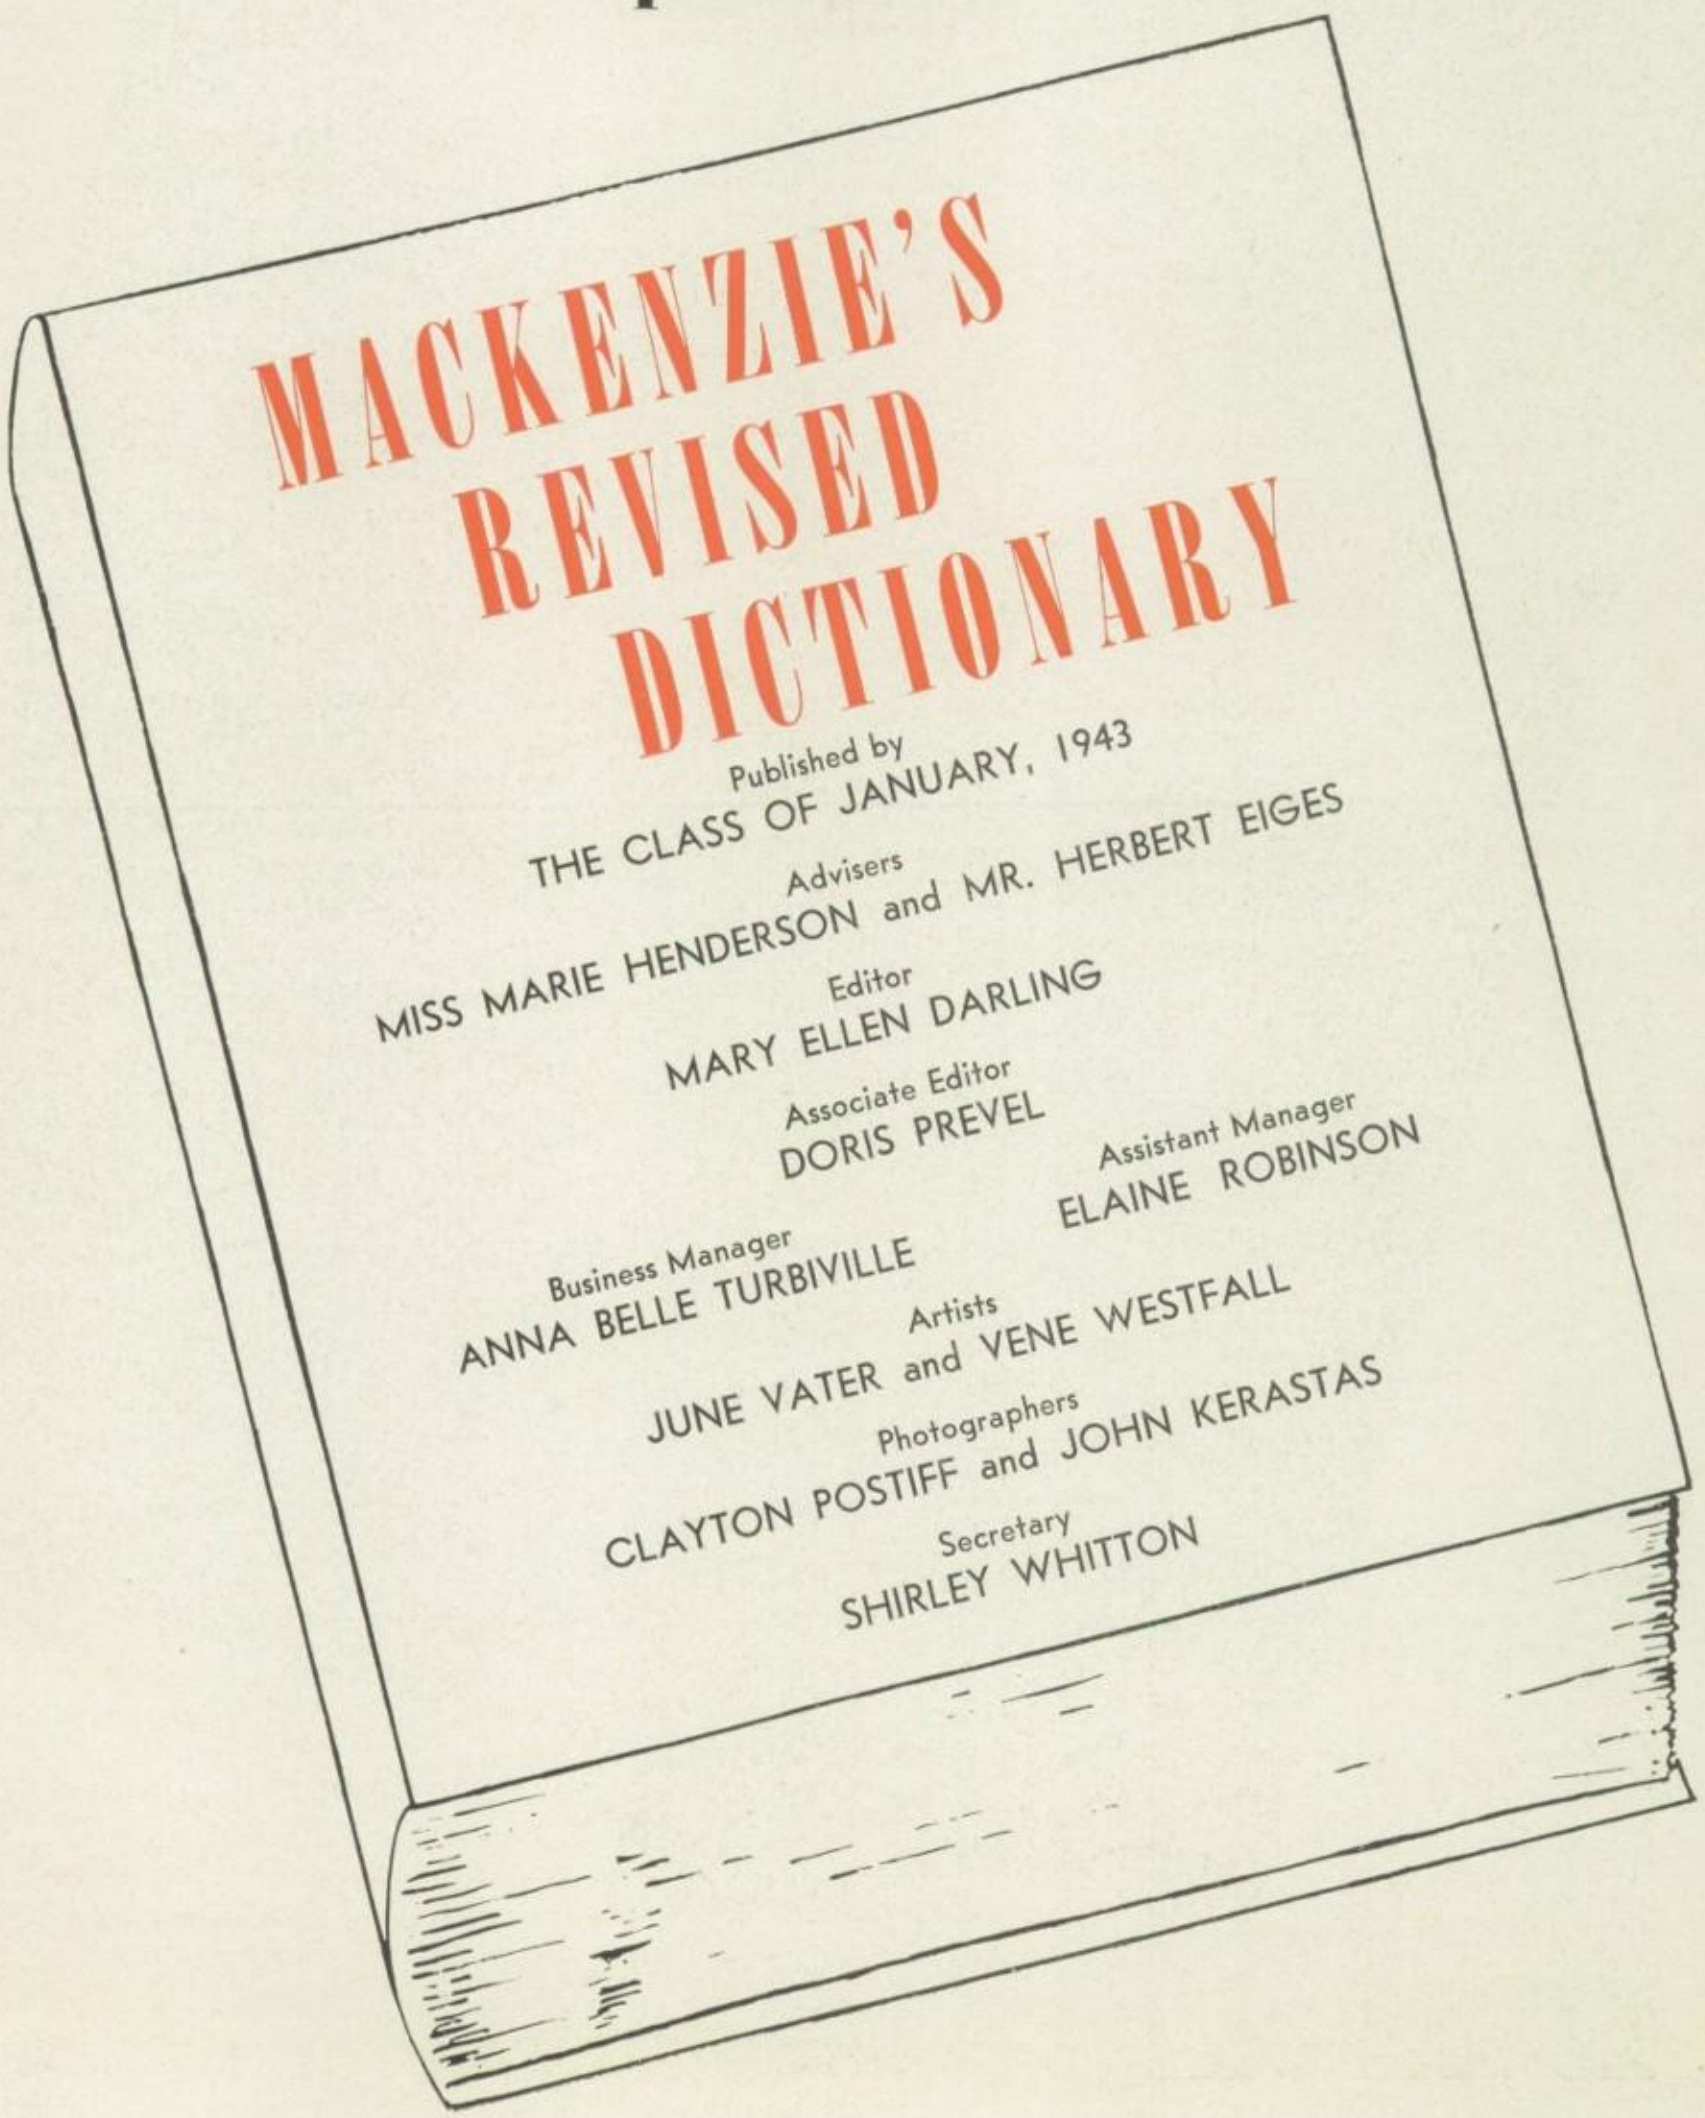
Webster Says:

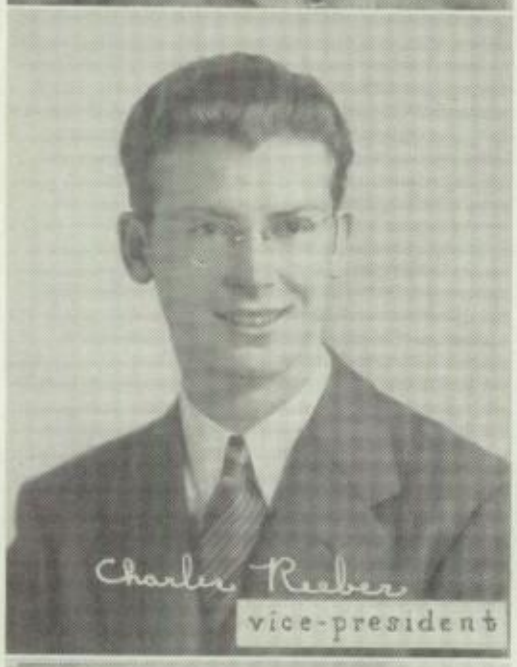
"A school is a place where instruction is given; scholars or pupils collectively."

Mac Says:

"A school is a place to hang your hat, meet the gang——and learn."

the 1943 Stag presents . . .





Webster Says:

"A governing body exercises control."

Mac Says:

"That's the bunch who run themselves ragged planning our fun."

PRESIDENT'S MESSAGE

The statements made in the President's message have become somewhat traditional, not because of a lack of originality but because each class, at the time of graduation, has had the same feeling of indebtedness and gratitude to the faculty and their classmates and the same feeling of respect for the name "Mackenzie" which represents all those things they work and cheer for as students, and cherish in memory as graduates.

It is difficult to express ourselves in an original way. Our thoughts and feelings are so much like those of preceding graduates. We can simply say to the faculty and administrating body that we are forever indebted to you, not only for your teaching of cold facts, but also for the life you have given these facts, for the fellowship given us, and for the guidance by word and example, toward our goal as future citizens of value in these, our United States of America. We hope we can partially repay you by reaching this goal. We can say to one another that we are grateful for the companionship received and practical education gained by our life together during the past four years. We can simply remember the name "Mackenzie" for all the memories it embodies.

Our lives after graduation can not but be enriched by these contacts with our instructors, our school, and each other. We graduates of January 1943 thank the Mackenzie of our past and wish every good fortune upon the Mackenzie of the future.

Intellects On The Loose

This is to inform you that we are not all happy little morons at Mackenzie, in spite of popular belief. The National Honor Society still stands in awesome order with its brilliant array of future geniuses. Besides being gifted with brains, the members are really on the beam when it comes to leadership, character, and service.

Beware! all Axis members. You can't win when the National Honor Society is helping our war effort by offering their services to the air raid warden and the Civilian Defense Council. These bright kids even take care of the teachers' classes while they are out rationing sugar, gasoline, and what next?

"June Mad"

THIS LOVE OF MINE . . . PLACES EVERYBODY . . . YOU'RE SWACKY . . . MAISIE, YOU'RE ON. Do you remember these sayings? Yes, ... the 12B play "June Mad." It took five weeks of work for Mr. Leone and cast to get it together, but, on March 27 and 28, it was presented.

The Class of January, 1943 deeply regrets the loss of one of its members, Earl Anderson, two months before graduation. Earl will always remain in our memories as a fine student and athlete and a pleasant classmate.

Webster Says:
"A song is a lyrical poem or ballad."

SUMMER SCHOOL GRADUATING CLASS

Summer time is the time for fun, fishing, lazy picnics, cooling dips. Add study to this and you have the well-rounded program of the forty students who composed the 1942 summer school graduation class. When we were snug in our beds, these ambitious souls were making steps to Mackenzie, eager to complete their secondary schooling in order to get an early start in college, or to do their part for our nation at war.

As a reward for their hard labors the students planned a breakfast at the end of the term. When the sun peeped through the windows of Botsford Inn August 19, it caught sight of the class dressed in their summer finery enjoying their gayest event, a chicken a la king breakfast.

After eight weeks of keeping their noses to the grindstone under the broiling sun, the big day arrived. Graduation bloomed! On Thursday morning, August the 20th, the students proudly received their diplomas in our auditorium.

The officers of the class were Byron Sullivan, president; Shirley Taleen, vice president; Winifred Logan, secretary; Margaret Ehlke, treasurer.

Mac Says:

12B OFFICERS

LEFT TO RIGHT: President, Dick De Mark; Vice-President, Maurice Anthony; Secretary, Elaine Scott; Treasurer, Harold Deen.

12B CLASS

The class of June '43 started its plunge into the whirlwind of traditional events by holding the election of class officers. Following several weeks of campaigning, the victors proved to be: President, Dick De Mark; Vice-President, Maurice Anthony; Secretary, Elaine Scott; and Treasurer, Harold Dean.

Next in line came the presentation of the 12B Play, "Our Town." This presentation, usually enacted by the 12B class, has been opened to the entire school although the Seniors still hold the position of sponsors.

Following this an assembly was held to introduce the class officers.

The wheels started rolling when the 11A Roller-skating Party was held at the River Rouge Rollerdrome.

Having completed a successful term as 12B's we look forward with great expectation to our last year in Mackenzie as 12A's.

The officers for the term are: President, Jacquelyn Morrison: Vice-President, Barbara Ednie; Treasurer, Jane Redman; and Secretary, Sally Read.

After a successful weiner roast, which was held on October 27 at Rouge Park, the 11B's started a homeroom survey to determine the type of future outings the students would prefer.

The 11B Congress is the governing power of the 11B Class. All plans are made and problems are solved by its competent officers.

The event was called the 11A Hike and was held at Rouge Park on Tuesday, November third. Some ambitious person made a movie of the hike, down to the last sandwich. This movie was shown during the regular homeroom period.

This active Congress is under the sponsorship of Miss Byrne and Miss Gollwitzer.

WM. E. MERRITT, Assistant Principal

J. V. McNALLY, Principal

FOR THE PAST TWENTY-FIVE YEARS all secondary schools in the United States used as their guide The Seven Cardinal Principles or Objectives of Secondary Education — (1) Health, (2) Command of the Fundamental Processes, (3) Worthy Home Membership, (4) Citizenship, (5) Ethical Character, (6) Vocation, and (7) Worthy Use of Leisure. These objectives were formulated for a world at peace.

Now that we are at war more emphasis must be placed on certain of these objectives than on others, and this has become even more imperative since the draft age has been lowered to eighteen. Already our Board of Education has prescribed an intensive course in Health Education for all, especially directed toward developing physical fitness. A Standard First Aid Course is now a requirement for graduation. Greater emphasis than before will be placed upon Review or Refresher Courses in the eleventh and twelfth grades, especially in Mathematics, so that pupils may meet better the demands both in industry and in war. The courses in English, Social Science, Physics, and Practical Arts for boys and girls, will have changes made in emphasis. In English there will be intensified work directed toward clearness and accuracy of expression, both oral and written; and in Literature toward selections which portray the ideals of a free democracy. In Social Science there will be stress upon the economic and social conditions which led to the war and which must be eliminated if there is to be a lasting peace; there will be an effort to build up a "good neighbor" attitude among our own people and toward the peoples in Mexico, Central, and South America. In Physics especial attention will be given to electricity, mechanics, machines, and radio. In all subjects the immediate war needs will be recognized.

As for the students, there will be continued participation in school and out of school in the various activities which are already under way, such as buying War Savings Stamps and Bonds, collecting scrap, cooperating with school and local agencies in Civilian Defense activities and also any others for which their cooperation may be solicited.

We may only speculate as to what permanent changes in our secondary education may result from these changes in emphasis, but one thing is sure, that as long as the war lasts, the schools will cooperate fully with all other agencies in war activities.

Miss Catharine Waterbury

The two offices adjoining the main office belong to two extremely important individuals, the heads of the counseling department.

The senior counselors, Miss Waterbury and Mr. Heft, aid the students in solving any problems which may arise during the year. They have been especially active in aiding students to obtain their first positions in the business world.

STAG EDITORIAL STAFF

Those students who have passed the Stag office this term probably thought it seemed only one step away from a madhouse; but madhouse or not, it was the Mackenzie editorial staff planning the traditional Stag.

The people who kept the lowly staff hopping were Mary Ellen Darling, Doris Prevel and Miss Marie Henderson in the roles of editor, assistant and adviser. The candid photographers were Johnnie Kerastas and Clayton Postiff and those creative geniuses(?), the artists were June Vater and Vene Westfall.

The office was a beehive of activity while the general staff whizzed about with pencils, paper, and the ever reliable Webster, writing copy. The re-write was under the direction of capable Pat Priest. From there the copy went to the staff of the nimble typists, Gertrude Paluch, Lillian Blake, Margie Riggs and Barbara Stevenson.

THE DIAL

Mr. Noah Webster, in his best seller, has specified that a Dial is a device for indicating time. Mackenzie-ites, however, have long since made the discovery that within this institution of learning a DIAL is not only a device for indicating the time, but also the place, situation and parties involved of all those newsworthy(?) events that are continually making themselves unknown around Mackenzie.

Even the most insignificant little item has a hard time stealing his way by those copy-conscious editors, Bill Standridge and Marilyn Davis, and their news-nosy staff; Harold Deen, Lillian Blake, and Geraldine Coltharp; and such are the world shaking and rib tickling articles turned out by those famous feature writers Doris Fleming, Barbara Jennett, and Kathleen Hughes that the halls of good old Mackenzie High ring with much more than the well known "shouts of victory" for many days after publication, during which time, by the way Janet Young, Doris Stern, and Jean Mitchie are pouring over those advertising and circulation reports, with figure-dizzy heads, adding up the last million in profits.

M R U CALLING

"Quiet, please. Ten seconds. The Monday broadcast is on the air."

Material is gathered on Thursday and Friday by members of the Radio Unit who meet in the radio room during the 8th hour on Thursday and on Friday.

"Here — Rewrite this." "Let's hear you read that one." "Criticisms, please." So goes the preparatory work for the Monday broadcast.

Membership in the group is dependent on having taken one semester of the Radio class. The radio teacher recommends qualified people for further work with the Unit.

The training obtained is very valuable. Some of our members have appeared on various Board of Education programs over local radio stations. It is experience and fun!

Seated — L. Dreher, B. Washburn. Standing — J. Sobesky, G. Coltharp, R. Bell, J. Kimmel, J. Norman.

THE SPEAKERS' BUREAU

If you have heard some of the potential Mr. Lynches or Patrick Henrys floating around Mackenzie, ten to one they are members of the newly organized Speakers' Bureau, headed by Mr. Leone. The club has helped further the war effort by speaking on the sale of war bonds and scrap drives, by holding panel discussions and by numerous other activities. Each member has become an expert on four problems of the war and can speak on any one of them at a moment's notice. The president of the organization is Ed Harris; assistant director, Don Blakely; secretary, Billie Buckley; publicity manager, Jean George. The Speakers' Bureau has taken the place of the debating team, and has done a very good job.

LIBRARY STAFF

Books! Books! Books! No it's not a broken record . . . merely a mumbling member of the library staff locating reference work for some bewildered student.

Our library staff, supervised by the librarians, Miss Walker and Miss Whipple, is the oldest active club in the school. Such terms as filing, stamping, and shelving are familiar to these students who devote one period each day to this work.

The organization holds monthly meetings at the members' homes. One of this semester's projects has been to send subscriptions of Detroit newspapers to Army camps where men from the Detroit area are stationed.

STUDENT COUNCIL

Every group of people needs a governing organization in which representatives may introduce proposals designed to fulfill the wishes and needs of the people. This is just as true in school government as it is in any democratic government. In Mackenzie, the governing body is our Student Council, which is divided into two houses, the Junior and Senior Student Councils. Each holds equal authority and is sponsored by members of the faculty. This year, with the aid of their sponsors, the Senior Student Council has arranged such activities as the Freshman Hop, the Mackenzie Cavalcade, football rallies, and special girls' programs. Another service was a series of improvements in both the lunchroom and the lost and found departments.

The current officers of the Senior Student Council are: president, Agnes Mitchell; vice-president, Harold Deen; recording secretary, Jenny Labuz, corresponding secretary, Barbara Kelly; and treasurer, Marchita La France.

SERVICE CLUB

"May I help you?" is a familiar question of the Service Club, especially that division of girls who help in the office. They're always on the run, doing important errands for the counselors and clerks.

Another branch of the Service Club is the study hall aides who are assigned special duties by their respective counselors.

Last, but not least, we have the hall guides who keep an eye out for loiterers.

Under the supervision of Miss Leszczynski, the club holds meetings to decide where and how improvements can be made in the service organizaiton.

DIONYSIAN CLUB

Have you ever taken a trip through the underworld? If you would like to, join the Dionysian Club and be prepared for anything! The underworld seems to be some mysterious place where people travel around blindfolded and learn about the Roman Era. After undergoing many strange experiences, the poor frightened students return from the underworld unharmed and happy. This trip is a form of initiation for new members of the Dionysian Club.

During the meetings the members play Roman games, sing Latin songs, and build miniature Roman forts and statues. This term they have compared the Punic Wars fought by the Romans in northern Africa with our present strategies there.

Miss Jones, who sponsors the club, has increased the membership in the last two years to thirty-five students.

CAMERA CLUB

Stop! When you see the red light, you know you are facing the lair of that group of live wire students known as the Camera Club. If you ignore this signal and enter, you will find yourself learning the fine art of photography under the personal supervision of Mr. Walker, sponsor of this comparatively new organization.

The Camera Club meets in the "Dark Room" opposite the library. The interest of students in photography has been greatly furthered by work done in the Camera Club.

The group has been very successful in raising money. This money is used to buy new equipment for the dark room.

Socially, the club sponsors dances, and its initiation picnics are something long remembered.

SCIENCE CLUB

"I've got it! Boy! Look at that reaction." "What colors! This sure will be a feather in my cap when I show the club."

This is typical of the soliloquies yodeled by members of the Mackenzie High School Science Club whenever they are "deep in the heart" of an experiment.

The club meets every Friday in room 211 during the ninth hour, and they wait with open test tubes to greet new members. The only requirement you need is an interest in science. The most active member is Mr. Snodgrass, who is the sponsor.

The club's purpose is to explore the new and vast fields of science and to learn practical scientific methods which will be of value to them in the future.

USHER'S CLUB

When Webster wrote the definition for "capable" he must certainly have had some such organization as the Ushers' Club in mind. "Having great power, skill, and capacity," describes the members of this group accurately. Under Miss Currie's excellent guidance, President Pat Givens, Head Usherette Virginia Cashen, and the other student members stand staunchly and fearlessly at their posts; quietly and efficiently guiding their fellow classmates through the aisles to their seats. The usher's duties are many and varied, and the success of any stage production depends just as much upon the work of these students as upon the work of the play cast or stage crew. Previous productions have proved the efficiency of Mackenzie's Usher Club and the members deserve our praise and appreciation.

RECEPTION COMMITTEE

Visitors arriving at Mackenzie will be greeted by a group of cheerful girls. These receptionists are "right in there" to show any new guests around the school or give them any information they might seek.

The "frills" are picked through recommendation of their counselors and they must have poise and a pleasing personality. Miss Waterbury, sponsor of the organization, instructs the girls as to when they are to turn on the personality.

STAGE CREW

Now, let's see — hmmm, page 1051 of Webster's tells us that "work" means "physical or intellectual effort directed to some end." Both physical and intellectual effort is employed in the diligent labors of the stage-crew, as they create the wonderful effects which are achieved for Mackenzie's programs. This hard working group is, in part, responsible for the success of our previous dramatic presentations. They are striving, with Mr. Chapin's aid, to produce even greater results in the future.

The new members of the stage crew must serve as apprentice technicians until they have worked in two productions. After this experience they become full-fledged technicians.

WAR COUNCIL

The War Council is part of Mackenzie's war effort. This group works through the Junior and Senior Councils. The Executive Board is headed by Martin States, chairman; Wilfred Collins, vice chairman; and Jewell Herrington, secretary. The faculty members are Mr. Heft, Miss Leszczynski, Miss Currie, and Mr. Leone.

The Council consists of the Volunteer Registration Committee, the Defense Committee, the Service Committee, and the Information Committee. These committees aid the council by furnishing students for service, by selling war savings bonds and stamps, and by protecting Mackenzie's students and personnel.

These groups form the directing and planning body charged with the duty of reminding the members of the school of their responsibility "to do the best and most they can in this all out war effort."

HOSTESS CLUB

Making a child's garment for the Red Cross; giving a Christmas party for underprivileged children; and working with the City Home Economics Group on various projects — these are only a few of the many activities of the Hostess Club. In addition to sending three representatives to attend the City Home Economics Luncheon at the Women's City Club, the Hostess Club has become indispensable by serving at many of Mackenzie's special functions, such as the 12A Parents' Night.

Mrs. Razar efficiantly fills the role as sponsor, while the officers: Sally Ann Daniels, President; Rosemary Cosner, Vice-President; Marilyn Gold, Recording Secretary; Betty Ackerman, Assistant Secretary; Bette Forrest, Treasurer; and Carolyn Fry, Campaign Manager; help direct the excellent work being done by their organization.

SENIOR GIRL RESERVES — BLUE CHAPTER

Girl Reserves. No, this is not a division of the WAFES, WAVES, or WAACS; but it is a junior division of the YWCA. In this club new friends are made, good times are had, and a knowledge of facing life gained.

The group is composed of eleventh and twelfth grade girls, under the sponsorship of Mrs. Becker. Their purpose, "To find and give the best," is significant of the type of programs which the girls strive to follow. The Blue is one of many Chapters in the Girl Reserves. All Chapters are affiliated with the YWCA, and hold many of their activities in the building.

The officers for this term are: President, Shirley Jean Rigley; Secretary, Leila Howard; Treasurer, Barbara Jennett; and Program Chairman, Marilyn Davis.

SENIOR ORCHESTRA

As the strains of Deep Purple float through the halls one realizes that it is the fourth hour and the Senior Orchestra, under the direction of Miss Doris Lenz, is at work. This organization very ably supplies the music for commencements, for plays, and for other types of programs.

A number of the members of this group make up the concert ensemble. They have made several broadcasts over WJR and WXYZ as well as other stations. In addition to the broadcasts, these talented people have supplied incidental music for luncheons, and other social events

SENIOR BAND

Mackenzie's Band was bigger and better than ever this year. Their blue and grey uniforms added color to the football field and concert stage alike. The final number of the Christmas program which was played by the Senior Band and the orchestra was the highlight of the evening. Mr. Harry Begian, director, has good reason to be proud of this most successful season.

MIXED CHORUS

Featured in most of Mackenzie's musical assemblies is the Mixed Chorus. Under the direction of Mr. Robert Luscombe, this group can be heard every day during the second hour rehearsing everything from classic to swing music.

The fifty students who constitute the mixed chorus group receive not only 2½ hours credit, plus a lot of enjoyment, but also a great deal of benefit from their excellent experiences in vocal training.

The work of the Mixed Chorus, however, is not limited to Mackenzie alone. During the past term, several members of this class have participated in two radio broadcasts, one of which was a coast-to-coast hook-up. This year the Mixed Chorus is specializing in A Capella presentation in the hopes of raising the already superior quality of their work.

MACKENZIE'S DANCE BAND

"Kings of Swing" might appropriately be the tag of the Mackenzie School Dance Band, for it is this group of musicians that fills the halls with modern music.

Mr. Harry Begian is the sponsor of this group, while Paul Kronbach, lead trumpet, is student director.

Music for all school dances is furnished by this able group. They have also taken part in many assemblies sponsored by the different groups.

NURSES' CLUB

Miss McPherson and the Nurses' Club has been kept busy knitting for the Red Cross and entertaining guest speakers. Our school nurse, Miss Hall, has spoken to the group several times and has been very helpful in solving some of our problems.

Some members worked as Nurses' Aids last summer and they never tire of telling of the many exciting experiences they had. Some of the girls received invitations to witness the awarding of diplomas to nurses at Ford Hospital.

The club is now undertaking the task of writing to all nurses on active duty overseas who are graduates of Mackenzie. They hope in this way to keep in touch with these nurses and supply them with news about their alma mater.

HOCKEY TEAM

Whiz!! That's a Mackenzie hockey player who just dashed past. It is now the last few minutes of play — There goes another goal for the Stagettes as the final whistle blows! With this game Mackenzie ends a perfect season.

The Central game opened the season. The teams were closely matched and it was not until the second half that the one and only goal was scored by a Mackenzie player.

The overwhelming score of 4 to 1 was piled up against Redford, when Mackenzie played their first game on home territory.

There were many tense moments in the Northwestern game, but our opponents were good sports when they bowed to a score of 2 to 0.

The most competitive team that the Stagettes met was Cooley High. The Cooley team used "tricky" plays and passes, but we battled through the defense players to score two goals. The final score was 2 to 0.

This year's team was coached by Miss Goodenow, a new teacher in the athletic department.

THE GIRLS' ATHLETIC ASSOCIATION

In surveying the numerous clubs one finds that the Girls' Athletic Association is definitely "in a class by istelf." This organization has the distinction of being the only club in the school whose members represent every grade. All girls automatically become members when they enter Mackenzie. Although each girl does not take an active part in the governing of the group, the needs of the organization are met by an active membership composed of one representative from every homeroom. The purpose of this group is to create interest in girls' sports.

As a means of raising funds necessary for the purchasing of equipment for the gymnasium, the association depends largely upon a series of Splash Parties.

The G.A.A. is sponsored by Mackenzie's competent health instructor, Miss Caswell.

It was three years ago, that the first real swimming team was organized. Previous to this time, the swimmers were handicapped by the lack of pool facilities, and received training only one day a week at Tappan.

CROSS COUNTRY TRACK

Have you ever seen those scantily clad fellows running around the outdoor track? They are not "back to nature" fiends. No, its just our outdoor track squad.

Under the duel coaching of Messrs. Frankowski and Postula they wound up the most successful track season that a Stag team has ever had. The team, under the brilliant leadership of its Captain, Lester Smith, finished third in the West Side Meet and marched on to finish fifth in the Metropolitan League Meet.

The letter winners and mainstays of the team were: Lester Smith, Palmer Sharp, Elson Spangler, Donald Harvey, and Charles Low.

R.O.T.C. OFFICERS

Yes, sir! there's something about a soldier, particularly when he is a member of the Mackenzie R.O.T.C. There are over 200 boys in the school who wear the uniform of this outfit and many more waiting to be admitted. Sgt. William H. Parker headed the organization until he was transferred to Officers' Training School at Fort Benning, Georgia. Sgt. Clarence B. Tenney replaced him.

Although the Mackenzie unit of the R.O.T.C. is only four years old it has gained recognition in the field of competition. Last spring the unit won a cup for platoon drill at Cooley High. They were one of four groups in Detroit which was given the City Honor School Rating at Federal Inspection.

Dean Schiller won the title of Major by taking a competitive examination with a group which represented all the schools of the city. Other recent promotions are: Sergeant to 2nd Lieutenant; George Rogers, Ed Harris, Harold McCollum, Charles Buechner, Ben Souder. Sergeant to 1st Lieutenant; George Stasienko, Vene Westfall. Sergeant to Captain; John Kimmel, Martin States.

WE MENTION, LEST WE FORGET:

This season's opener, with Cooley, will forever be remembered for its hard-fought victory. The entire season left no more surprised foes than that unhappy bunch of Cardinals on October 3rd.

Following the Cooley game we encountered Redford, a team greatly favored to win. Its heavy line and fast backfield saw defeat as the Stags rolled through to a 19-6 victory.

The wettest, muddiest game in a number of years was played with Wilbur Wright at Northwestern Field. The game brought with it a small number of loyal rooters who saw Mackenzie backs, coated with mud, race across the double stripe three times during the afternoon.

Southwestern brought a weak team which was easily overcome.

On October 30, Mackenzie met its first defeat of the season. We played Western High at Southwestern Field. The "Cowboys" galloped over the goal twice that rainy day as a fine punt and a recovered fumble, followed by a line plunge, accounted for our lone tally.

In true Mackenzie fashion, our eleven came back hard, fast, and furious against U. of D. High. This was, without question, the season's finest exhibition of blocking, tackling, and running. The final score 19-0 accurately reveals the strength and fighting determination of our team.

The following week, as "guest of honor" at Northwestern Field, the Mackenzie Stags again tasted defeat in the season's final contest. As the score indicated, the game was close and hard-fought. Northwestern combined a strong team with an entirely new type of defense; a three-man line. Possibly, we may attribute the difference in score to the novelty of their defense system. Whatever the case, we eagerly look forward to our next engagement with the "Colts."

TRADITION—we met at the same spot in Rouge Park for another outing. All 79 of us played baseball; and Mr. Grigg proved himself to be a super first baseman—but he can't bat. We went to the 12A's Class Day Program in the auditorium and then gave them a dance in the gym. First Aid was our theme. Wilbur Chard was dressed as a doctor and Johnny Kerastas—poor guy—was his victim.

January 22, 1943

CLASS DAY. We had a program in the auditorium which brings back fond memories of Sniffleheimer's Snuff and other such nonsense. Later the 12B's gave us a dance in the gym. The great day! GRADUATION!! Hip, hip, hooray! Parting is such sweet sorrow. Sniff-sniff.

January 28, 1943

The Fountain Ballroom at Masonic Temple was the colorful scene of our Prom. The memory of this evening of music, soft lights, and swirling formals on a smooth dance floor will never fade.
